

NEW DATES SPRING 2014

Grant Writing and Publication Writing Workshops

Particularly aimed at nurses, midwives, AHPs, health care scientists and clinical psychologists

These workshops will coincide with the March 2014 call for proposals for Research Capability and Above and Beyond Funding.

UHBristol with the support of the University of the West of England are pleased to announce a **new series** of facilitated Grant Writing and Publication Writing Workshops during Spring 2014. It is intended that at the end of the series we will support you to have either a publication ready for informal peer review or a grant application ready for submission. Therefore we will be asking you to come with a specific paper or grant idea in mind.

You are signing up to the whole series of workshops. A different topic is covered in each session and peer support is an essential part of these workshops so please aim to attend them all.

The workshops will be held on the following dates in the Bristol Centre for Research in Clinical Practice Meeting Room, Level 3, UHBristol Education Centre:

How to apply

The workshops were oversubscribed in Autumn 2013 and so we are asking that you submit a 50 word summary of your proposed paper or grant idea in advance. Places will be allocated based on the strength of the summaries received if the workshops are oversubscribed again.

If you would like to be considered for a place on these workshops, please email your summary to emma.youde@uwe.ac.uk by 9 am on Friday 20th December 2013.

We will inform you by the end of that day whether you have or have not been allocated a place.
