Ask a member of staff if you need help

We've been making a lot of changes to expand and improve our city centre hospitals. As a result, we have needed to update the signs in the Bristol Royal Infirmary (BRI), Bristol Heart Institute (BHI) and Bristol Haematology and Oncology Centre (BHOC).

These hospitals have been divided into zones, with each zone given a letter. Each department and ward within the zone has been given a number.

To find your way to where you need to go, first find the zone and then follow the numbers to the right floor level and location.

Our new signs look like this:
