

1.

1. Could you tell us your job role? *

If more than one person is filling out the survey, please supply all job roles.

Practice development midwife

2. Could you please supply your contact details, so that we can have a point of contact for this request? *

Name	[REDACTED]
Email	[REDACTED]
Telephone	[REDACTED]
Employing Trust	University Hospitals Bristol

3. In your role, do you have a direct responsibility for delivering, managing or commissioning maternity specific training to maternity-services staff? *

Please select by ticking boxes below.

- Yes, responsibility for commissioning maternity training.
- Yes, responsibility for managing maternity training.
- Yes, responsibility for delivering maternity training.
- No, none of the above. (Please provide further information below)

--

2. The Management of Maternity Services Staff Training

1. Who is responsible for the overall management of maternity services staff training, in your trust? *

Please provide their role(s)/job title(s). For example: is training managed by human resources, clinical governance, specialist midwives, obstetric staff, or a combination of the above? Is training organised by different teams for different staff groups e.g. midwifery, obstetrics?

Combination of above – all training is not split it is delivered to the whole MDT

2. Does your trust have a multi-disciplinary lead for maternity training? *

Yes

No

3. How are staff training priorities, for maternity services, decided by your trust? *

What is taken into consideration when deciding what training will be mandatory for maternity staff to attend? When additional training is provided, what is this in response to e.g. Training Needs Analysis? How do you decide which staff are offered training? How are these decisions made and who makes them?

Training Needs Analysis Document

4. Is data analysed and course content modified in response to evaluation of training programmes? *

No

Yes (please give an example below)

Evaluation forms are completed and training modified if required

3. Thinking about maternity-specific training provided in the last financial year...

Definitions

- Last financial year: 1st April 2017 - 31st March 2018
- Statutory training: "is training that is usually required by law or where a statutory body has instructed an organisation to provide training on the basis of specific legislation."
- Mandatory training: "is compulsory training that is determined essential by an organisation for the safe and efficient delivery of services. This type of training is designed to reduce organisational risks and comply with local or national policies and government guidelines." "Some organisations use the terms essential or compulsory training as a 'catch all' to cover both mandatory and statutory training."
Taken from: Royal College of Nursing, 2018. *Training: statutory and mandatory* [Online]

1. With regard to mandatory training, do you audit how often maternity staff attend updates within the time specified by trust guidelines? *

- Yes
 No

If no, please skip to Section 5 "Training Budgets" (p. 5).

4. Thinking about maternity-specific training provided in the last financial year...

1. When audited, what was the rate of timely attendance for all staff at mandatory training/updates?

- Less than 25%
- 25-50%
- 51-75%
- 76-85%
- 86-90%
- 91-95%
- 95% and over
- Not audited**

2. What was the rate of timely attendance for midwives?

- Less than 25%
- 25-50%
- 51-75%
- 76-85%
- 86-90%
- 91-95%
- 95% and over
- Not audited**

3. What was the rate of timely attendance for medical staff?

- Less than 25%
- 25-50%
- 51-75%
- 76-85%
- 86-90%
- 91-95%
- 95% and over
- Not audited**

4. What was the rate of timely attendance for other staff groups (e.g. ODPs, MSWs)?

- Less than 25%
- 25-50%
- 51-75%
- 76-85%
- 86-90%
- 91-95%
- 95% and over
- Not audited**

5. Training Budgets

1. What was the amount (£) spent on maternity training provision over the past financial year, in your Trust (from any source)? *

£ not known

2. Thinking about the source of these funds, how much was provided by each of the following (in pounds sterling): *

Allocated by the Trust	£	
Health Education England	£	
Funding	£	
Hospital Charity Funds	£	
Other (please specify)	£	from

3. Please select the types of training that you provide an individual budget for midwives to access. *

i.e. a training budget per midwife

Choose an item.

4. If so, how much is allocated for each midwife per year? *

External Training Programmes

Choose an item.

In-House Training Programmes

Choose an item.

5. If you provide an individual budget for midwives to access training, do these midwives have a say in how their personal budget is spent? *

Yes

No

N/A

5. Training Budgets

6. Please select the types of training that you provide an individual budget for doctors to access. *

i.e. a training budget per doctor

Choose an item.

7. If so, how much is allocated for each doctor per year? *

External Training Programmes

Choose an item.

In-House Training Programmes

Choose an item.

8. If you provide an individual budget for doctors to access training, do these doctors have a say in how their personal budget is spent? *

Yes

No

N/A

9. Please select the types of training that you provide an individual budget for other staff (e.g. ODPs, MSWs) to access. *

i.e. a training budget per staff member

Choose an item.

10. Which other staff groups have an individual budget allocated? *

6. Training Topics

Please note that you will be asked more specific questions about certain topics, we apologise for any repetition (it will be limited as much as possible).

1. By topic, what training has been provided to maternity services staff by your trust, over the last financial year?

This should include training provided to any member of clinical staff

i.e. training considered mandatory; training considered non-mandatory; training provided in-house; training which was commissioned by the trust but provided by external agencies and also training provided via any medium (e.g. online or workshop based).

	Training on this topic was provided to maternity services staff in my trust (select by clicking)	Training on this topic was not provided to maternity services staff in my trust (select by clicking)
Emergency/skills & drills training Including cord prolapse, shoulder dystocia, vaginal breech, antepartum and postpartum haemorrhage, eclampsia.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Continuous electronic fetal monitoring/CTG Including case review sessions and similar	<input checked="" type="checkbox"/>	<input type="checkbox"/>

7. Still thinking about training offered to maternity staff by your Trust over the last financial year...

Including training which is provided in-house; training which is commissioned by the trust but provided by external agencies and also training provided via any medium (e.g. online or workshop based).

1. Did your trust offer **Emergency/skills & drills training** to maternity staff in the last financial year? *
Including cord prolapse, shoulder dystocia, vaginal breech, antepartum and postpartum haemorrhage, eclampsia.

- Yes, and it was mandatory training for some/all staff
 Yes, but it was not part of mandatory training
 No, this topic was not offered to staff by the trust

8. In relation to Emergency Skills & Drills Training...

If you did not provide this training, please skip to Section 9 (p. 16)

1. If mandatory, how often is it required that relevant staff complete this training? *

Yearly

2. If mandatory, what was the minimum duration of training mandated for relevant staff on this topic? *

*

What number of hours were staff required to have attended training on this topic for it to be considered complete?

More than 7 hours - 8 hours

3. If more than one professional group attended this training, did they attend it together? *

Yes, multi-professional training was provided on this topic

4. Did your trust provide emergency/skills & drills training which was specific to the pre-hospital setting (i.e. specifically for community midwives)? *

- Yes
 No

5. Thinking about emergency/skills & drills training, what specific training was provided as part of this topic? * (click each)

- Shoulder dystocia
 Cord prolapse
 Eclampsia
 Antepartum haemorrhage
 Postpartum haemorrhage
 Vaginal breech birth
 Uterine Inversion
 Other (please specify)

6. Who delivered the training on this topic for staff at your trust, over the last financial year? *

A combination of the above

7. If external providers were used, can you tell us which external providers delivered this training? *

If external providers were not used, please write N/A.

8. If external providers were used, how was this funded? *

- Allocated by the Trust
- Hospital Charity funds
- Health Education England funding
- N/A
- Other (please specify)

9. How was this training delivered? *

Please select all that apply

- eLearning
- Face-to-face; Lecture-Based
- Interactive Workshop-Based
- Simulation/Practical-Based Team Training
- Case-review sessions
- Audio/Video
- Printed Material
- Other (please specify)

10. Did you evaluate the training delivered on this topic? *

- Yes
- No

11. If you collect evaluation data for training on this topic, please attach an example/examples of methods used to evaluate this training at your trust to your response.

- I have attached an evaluation form
- I do not have an evaluation form

12. If you have anything you would like to add which is relevant to this topic, please comment below

9. Still thinking about training offered to maternity staff by your Trust over the last financial year...

1. Did your trust offer **continuous electronic fetal monitoring/CTG training** to maternity staff in the last financial year?

Including case review sessions and similar

- Yes, and it was mandatory training for some/all staff
 Yes, but it was not part of mandatory training
 No, this topic was not offered to staff by the trust

10. In relation to Continuous Electronic Fetal Monitoring/CTG

If you did not provide this training, please skip to Section 11 (p. 18)

1. If mandatory, how often is it required that relevant staff complete this training? *

Yearly

2. If mandatory, what was the minimum duration of training mandated for relevant staff on this topic? *

*

What number of hours were staff required to have attended training on this topic for it to be considered complete?

1 hour - 2 hours

3. If more than one professional group attended this training, did they attend it together? *

Yes, multi-professional training was provided on this topic

4. Who delivered the training on this topic for staff at your trust, over the last financial year? *

A combination of the above

5. If external providers were used, can you tell us which external providers delivered this training? *

If external providers were not used, please write N/A.

6. If external providers were used, how was this funded? *

- Allocated by the Trust
 Hospital Charity funds
 Health Education England funding
 N/A
 Other (please specify)

7. How was this training delivered? *

Please select all that apply

- eLearning
- Face-to-face; Lecture-Based
- Interactive Workshop-Based
- Simulation/Practical-Based Team Training
- Case-review sessions
- Audio/Video
- Printed Material
- Other (please specify)

8. Did you evaluate the training delivered on this topic? *

- Yes
- No

9. If you collect evaluation data for training on this topic, please attach an example/examples of methods used to evaluate this training at your trust to your response.

- I have attached an evaluation form
- I do not have an evaluation form

10. At your trust, was competency in CTG interpretation and management assessed?

- Yes
- No

11. If so, how was competency assessed?

12. If you have anything you would like to add which is relevant to this topic, please comment below

11. Still thinking about training offered to maternity staff by your Trust over the last financial year...

Including training which is provided in-house; training which is commissioned by the trust but provided by external agencies and also training provided via any medium (e.g. online or workshop based).

1. Did your trust offer **interpersonal and "human factors" training** to maternity staff in the last financial year? *

Including teamwork, communication, situational awareness, conflict resolution, leadership, innovation and handover tools.

- Yes, and it was mandatory training for some/all staff
- Yes, but it was not part of mandatory training
- No, this topic was not offered to staff by the trust

12. In relation to interpersonal and "human factors" training
If you did not provide this training, please skip to Section 13 (p. 20)

1. If mandatory, how often is it required that relevant staff complete this training? *

Yearly

2. If mandatory, what was the minimum duration of training mandated for relevant staff on this topic? *

What number of hours were staff required to have attended training on this topic for it to be considered complete?

Less than 1 hour

3. If more than one professional group attended this training, did they attend it together? *

Choose an item.

4. Who delivered the training on this topic for staff at your trust, over the last financial year? *

A combination of the above

5. If external providers were used, can you tell us which external providers delivered this training?*

If external providers were not used, please write N/A.

6. If external providers were used, how was this funded? *

- Allocated by the Trust
- Hospital Charity funds
- Health Education England funding
- N/A
- Other (please specify)

- Yes
- No

9. If you collect evaluation data for training on this topic, please attach an example/examples of methods used to evaluate this training at your trust to your response.

- I have attached an evaluation form
- I do not have an evaluation form

10. If you have anything you would like to add which is relevant to this topic, please comment below

13. Still thinking about training offered to maternity staff by your Trust over the last financial year...

Including training which is provided in-house; training which is commissioned by the trust but provided by external agencies and also training provided via any medium (e.g. online or workshop based).

1. Did your trust offer training on the **early recognition and management of the severely/critically ill woman** to maternity staff in the last financial year? *

Including early warning systems and HDU care

- Yes, and it was mandatory training for some/all staff
- Yes, but it was not part of mandatory training
- No, this topic was not offered to staff by the trust

14. In relation to **early recognition and management of the severely/critically ill woman**
If you did not provide this training, please skip to Section 15 (p.22)

1. If mandatory, how often is it required that relevant staff complete this training? *

Yearly

2. If mandatory, what was the minimum duration of training mandated for relevant staff on this topic? *

*

What number of hours were staff required to have attended training on this topic for it to be considered complete?

Less than 1 hour

3. If more than one professional group attended this training, did they attend it together? *

Yes, multi-professional training was provided on this topic

4. Thinking about the training topic above, what specific training was provided for maternity staff? *

Please click to select

- Early recognition of the severely ill woman
- Maternal early warning score systems (MEOWS or similar)
- Initial management of the severely ill woman
- HDU care

5. Who delivered the training on this topic for staff at your trust, over the last financial year? *

Providers directly employed by the Trust (In-House)

6. If external providers were used, can you tell us which external providers delivered this training?*

If external providers were not used, please write N/A.

7. If external providers were used, how was this funded? *

- Allocated by the Trust
- Hospital Charity funds
- Health Education England funding
- N/A
- Other (please specify)

8. How was this training delivered? *

Please select all that apply

- eLearning

15. Still thinking about training offered to maternity staff by your Trust over the last financial year...

Including training which is provided in-house; training which is commissioned by the trust but provided by external agencies and also training provided via any medium (e.g. online or workshop based).

1. Did your trust offer **sepsis** training to maternity staff in the last financial year? *
Including recognition and management of maternal sepsis and neonatal sepsis

- Yes, and it was mandatory training for some/all staff
- Yes, but it was not part of mandatory training
- No, this topic was not offered to staff by the trust

16. In relation to **sepsis** training

If you did not provide this training, please skip to Section 17 (p.24)

1. If mandatory, how often is it required that relevant staff complete this training? *

Yearly

2. If mandatory, what was the minimum duration of training mandated for relevant staff on this topic? *

*

What number of hours were staff required to have attended training on this topic for it to be considered complete?

Less than 1 hour

3. If more than one professional group attended this training, did they attend it together? *

Yes, multi-professional training was provided on this topic

4. Thinking about the training topic above, what specific training was provided for maternity staff?

- Recognition of neonatal sepsis
- Recognition of maternal sepsis
- Management of neonatal sepsis
- Management of maternal sepsis

5. Who delivered the training on this topic for staff at your trust, over the last financial year? *

Providers directly employed by the Trust (In-House)

6. If external providers were used, can you tell us which external providers delivered this training? *

If external providers were not used, please write N/A.

7. If external providers were used, how was this funded? *

- Allocated by the Trust
- Hospital Charity funds
- Health Education England funding
- N/A
- Other (please specify)

17. Still thinking about training offered to maternity staff by your Trust over the last financial year...

Including training which is provided in-house; training which is commissioned by the trust but provided by external agencies and also training provided via any medium (e.g. online or workshop based).

1. Did your trust offer training on **co-morbidities in pregnancy/management of high-risk pregnancies** to maternity staff in the last financial year? *

Including hypertension, diabetes, obesity and venous thromboembolism

- Yes, and it was mandatory training for some/all staff
 Yes, but it was not part of mandatory training
 No, this topic was not offered to staff by the trust

18. In relation to **co-morbidities in pregnancy/management of high-risk pregnancies**
If you did not provide this training, please skip to Section 19 (p.26)

1. If mandatory, how often is it required that relevant staff complete this training? *

Choose an item.

2. If mandatory, what was the minimum duration of training mandated for relevant staff on this topic? *

*

What number of hours were staff required to have attended training on this topic for it to be considered complete?

Choose an item.

3. If more than one professional group attended this training, did they attend it together? *

Choose an item.

4. Within the training topic above, what specific training was provided for maternity staff?

Please click all that apply.

- Hypertension
 Diabetes
 Obesity
 Venous Thromboembolism
 Cardiovascular disease
 Other (please specify)

5. Who delivered the training on this topic for staff at your trust, over the last financial year? *

Providers directly employed by the Trust (In-House)

6. If external providers were used, can you tell us which external providers delivered this training? *

If external providers were not used, please write N/A.

7. If external providers were used, how was this funded? *

- Allocated by the Trust
- Hospital Charity funds
- Health Education England funding
- N/A
- Other (please specify)

8. How was this training delivered? *

Please select all that apply

- eLearning
- Face-to-face; Lecture-Based
- Interactive Workshop-Based
- Simulation/Practical-Based Team Training
- Case-review sessions
- Audio/Video
- Printed Material
- Other (please specify)

9. Did you evaluate the training delivered on this topic? *

- Yes
- No

10. If you collect evaluation data for training on this topic, please attach an example/examples of methods used to evaluate this training at your trust to your response.

- I have attached an evaluation form
- I do not have an evaluation form

11. If you have anything you would like to add which is relevant to this topic, please comment below

19. Still thinking about training offered to maternity staff by your Trust over the last financial year...

Including training which is provided in-house; training which is commissioned by the trust but provided by external agencies and also training provided via any medium (e.g. online or workshop based).

1. Did your trust offer training on **adult/maternal life support training** to maternity staff in the last financial year?

Including Basic Life Support (BLS), Immediate Life Support (ILS) and/or Advanced Life Support (ALS) courses, or similar

- Yes, and it was mandatory training for some/all staff
 Yes, but it was not part of mandatory training
 No, this topic was not offered to staff by the trust

20. In relation to adult/maternal life support training

If you did not provide this training, please skip to Section 21 (p.28)

1. If mandatory, how often is it required that relevant staff complete this training? *

Yearly

2. If mandatory, what was the minimum duration of training mandated for relevant staff on this topic? *

What number of hours were staff required to have attended training on this topic for it to be considered complete?

1 hour - 2 hours

3. If more than one professional group attended this training, did they attend it together? *

Yes, multi-professional training was provided on this topic

4. Within the training topic above, what specific training was provided for maternity staff?

Please click all that apply.

- Basic Life Support (BLS)
 Immediate Life Support (ILS)
 Advanced Life Support (ALS)
 Other (please specify)

5. Who delivered the training on this topic for staff at your trust, over the last financial year? *

Providers directly employed by the Trust (In-House)

6. If external providers were used, can you tell us which external providers delivered this training? *
