Dear Sir/Madam

Thank you for your request for information under the Freedom of Information Act 2000. The Trusts response is as follows:

- 1. The number of cases you have had of paediatric patients with enteroviral myocarditis over each of the last five years (financial or calendar - whichever you prefer)?**

We are unable to provide this information as where numbers are fewer than five, we have considered that there is the potential for the individuals to be identified from the information provided, when considered with other information that may also be in the public domain. In our view disclosure of these low figures would breach one of the Data Protection Principles set out in Schedule 1 of the Data Protection Act, namely Principle 1. Therefore under Section 40(2) of the Freedom of Information Act 2000, we will not be disclosing this information at this time. Section 40 is the exemption for personal information.

- 2. If numbers are sufficiently large enough to allow, a breakdown by age of patient. Categories suggested: neonate (up to 28 days), infant (28 days to 2 years), child (older than 2 years)?**

Not applicable.

- 3. The number of said patients who survived and/or died?**
